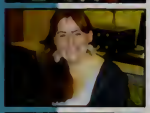
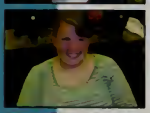
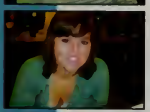
from us







Congratulations Everyone!

We came to Whitman-Hanson as a class of good reputation and standing, and we leave having made an even greater impression. We brought more to this school than diligence and care, we brought passion and a fierce determination to impact rather than observe. Take notice of the faces around you: of mentors, teachers, friends, and peers. Every single one has helped in some way, significant or slight, to shape the adult you have become. You have loved and hated, cried and cheered over the last four years. It is with deepest sincerity that we depart, knowing that each and everyone of us, the class of 2010, will do great things with our lives.

"The harnessing of passion makes us infinite."

What's IN or AT

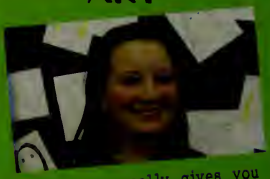
TV/RADIO

"I like Mr. Rodgers, mainly. Great Guy." -Jared Frank, 12

"Being in a TV/Radio class has been great. I am hoping to get into a career in communications so taking the classes have been great preparation and its been a great experience."
-Kelsey Scriven, 12

ANATOMY&PHYSIOLOGY

ART



"Mrs. Maher really gives you creative freedom on what to build, you get guidelines but other than that it's whatever comes to your mind."
-Kelci Sullivan, 12

Monica Gillet, 12

DECA

"We compete against the top marketing students in the nation. Every step we go a little bit further in bopes of making it to nationals. My favorite part is the trips we take together and the true bonding we experience in these trips. We are all so close. I will greatly miss Deca, Mrs. Consolini, and Mrs. Nelson." -Annie O'Donnell, 12

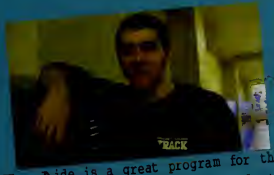
TAX AIDE

"We provide free tax help for any person with a basic tax return. It's really good to give back to the community and help out others." -Josh Burnett, 12



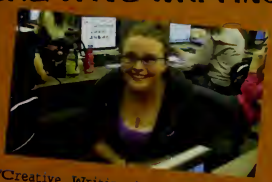
"Tax Aide is a great program for the community because it gives everybody the chance to get their taxes done free of charge." -Vinnie McDougall, 12

PSYCHOLOGY

"Psychology is very interesting [illegible] -Megan Ryan, 12

Mrs. Lash's AP Psych class

CREATIVE WRITING



"Creative Writing has really helped me improve my writing skills; I especially love the Morning Pages that we write everyday." -Meghan Dawe, 12

Students in class write their morning pages.

CSI provided me with a great learning opportunity and I feel confident moving forward after high school. I really like John Russell Studio! It's small and clean and everyone there has been very encouraging to me and have all offered to teach me things throughout my internship. -Gigi Bulman

Working in a medical atmosphere for CSI really helped me realize this field is right for me and suits my needs. -Mark Dodge

CSI has helped me learn and experience in the field what it is like to be a veterinary technician. This is what I want to pursue my career as after high school thanks to SSEDC. -Kim Currie

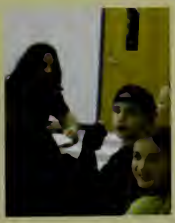
I really loved CSL because I was able to learn about physical therapy. Before CSL I had no idea what I wanted to major in next year. Now I have all my future plans laid out.
-Emily Regan



I have learned a little more about the intricacies in teaching pre-teenagers, and Mr. McClure has helped me greatly to understand why teachers distribute work and information in the manner they do. This has coincided nicely with my studies in AP Psychology right now, as we're studying the "how" of learning.
Tyler Vachon

CSL was a great opportunity for me to give back to the community through my internship at the food pantry. It was a great alternative to traditional-style learning and gave us the chance to get real world experience and life skills.

Every person lives a story, but no story reads with the same voice. While some people are getting ready to embark on a 4-year journey through higher education, others are prepping to enter the world of work. Some students are gearing up to enter the military, while others still will seek to find their niche while taking classes at a two-year school. Regardless of what the plans may be, everyone is ready to move on to the next chapter of their story.

Life is too short to wake up in the morning with regrets, so love the people who treat you right, forget about the ones who don't. Believe that everything happens for a reason, and if you get a chance then take it. It changes your life, as Nobody said that it would be easy, they just promised it would be worth it in the end.

"When You Get There, Remember Where You Came From" Between my life as a student and my career as a teacher, I have forty-eight wonderful years of memories that center around our school district. It is this school system and the teachers in it that laid the foundation for my professional life. It is because of the parents and students of our high school that I understand and appreciate how truly important my profession is. I was born to teach and I am blessed to have been an educator at Whitman Hanson Regional High School. I will forever carry in my heart and memory all that is good in our school community. I will always bleed red and black.
-Mrs. Lozzi

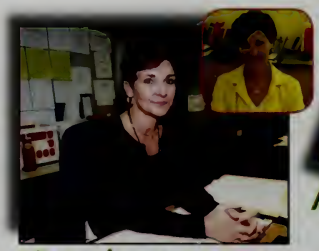
Next to my family, Whitman-Hanson High School has been an important part of my life for the past 34 years. I have enjoyed going to work every day to make a difference in the lives of my students and it has been a pleasure to work with such a caring and dedicated faculty. In the words of Dr. Seuss, "Don't cry because it's over. Smile because it happened."
-Mrs. Leverone

May you grow up to be righteous,
May you grow up to be true,
May you always know the truth
And see the lights surrounding you.
May you always be courageous,
Stand upright and be strong,
May your hands always be busy,
May your feet always be swift,
May you have a strong foundation
When the winds of changes shift.
May your heart always be joyful,
May your song always be sung,
May you stay forever young.
-Bob Dylan, quoted by Mr. Thrasher

Here's To You!

[A bittersweet goodbye to three beloved teachers]

Mrs. Lozzi



Mrs. Leverone

Mr. Thrasher

"Mrs. Lozzi has selflessly dedicated herself to the betterment of her students and the entire Whitman Hanson community. She is regarded as leader in the school and often sets the standard for which the rest of us aspire. I am personally indebted to Mrs. Lozzi for her willingness to share her wisdom and compassion from the very beginning of my teaching career until now. I think the greatest compliment bestowed upon a teacher is to be told they made a difference. I think it is only fitting to let Mrs. Lozzi know, as she sets to retire, that she has "made a difference" in the lives of her colleagues and thousands of students. Thank you for all your wisdom and guidance; I am forever grateful." -Mr. David Floeck

"Bill Thrasher will retire at the end of the school year after a long career teaching science to the students of Whitman and Hanson. The kids will all remember a favorite teacher who was inspiring in the way he taught about life and environmental science, not only through classroom lessons, but also by the example of how he leads his life. His friends in the science department, however, will remember and miss a knowledgeable colleague who was the "go to" guy for all questions about life science, a friend who would lend a hand whenever needed, a mentor to new and experienced teachers, and a colleague who brought good-natured humor to mundane events. By his presence Bill enriched the lives and school experiences of everyone he came into contact with and his presence will be missed." -Mr. Mark Stephansky

"It was not long ago that Patricia Leverone welcomed me into the culture of Whitman-Hanson. She acted as a mentor and a guide. Observing her as a teacher and a colleague over the last eight years provides one an example of self-pride, dedication, and hard work. Her students have benefited from learning that these traits produce self-growth and the development of potential regardless of the challenges presented to us. Mrs. Leverone embodies integrity and grace. I will miss her dearly." -Ms. Colleen Venna

It is difficult to describe the impacts of the three individuals leaving us this year. Mrs. Lozzi, Mr. Thrasher, and Mrs. Leverone have become fundamental building blocks in the foundation of WH society, and to say they shall be missed is a gross understatement. Whether it is Mr. Thrasher's creativity, Mrs. Lozzi's compassion, or Mrs. Leverone's constant encouragement, all have affected the lives of all here at school, rather than simply those they have educated in a classroom. To these three figures, these educators who have impacted us so completely, we say thank you; good luck with wherever life takes you. For we know you will certainly do more incredible things, and touch even more fortunate lives.

Ode to Mr. Thrasher by Ms. Ellen Galambos

How do we love thee?
Let us count the ways.
We love thy brainy Chess Club meetings.
We love thy pithy Latin greetings.
A thrill runs through us when we hear
The rumbling of SEAC's barrels near.
Your plaid suit is so very fine --
Especially in winter time.

You taught us all so very well
So many lessons we could tell.
One: turn off computers when leaving a room
Or else you'll growl: 'You're all buffoons.'
Another lesson? A convex glass
Can set aflame a blade of grass
If held properly to the sun.
Most memories are all so fun.
('Cept when the generator crank you turned --
The electric current our arms did burn.)

So much to tell, so small a space,
But ne'er your memory shall be erased.
In June when rings the final bell,
Please know just this: we love you well.

"To me, Karen Lozzi is Whitman-Hanson. A 1970 graduate, Karen returned to WH in 1974 and has been here ever since. During that time Karen, has not only been a gifted teacher but a class advisor, the inspiration behind penny day, the creator of WH's AP Psychology program and the Curriculum Coordinator of the History and Social Studies Department. Along the way she was a mentor to all of her students and a true friend and colleague to all who were blessed to work with her. Our Whitman-Hanson community is going to miss Karen Lozzi." -Mr. Jim Daley

Pat Leverone has always been very supportive of her students and colleagues. She gives her students guidance and encouragement to be the best that they can be. She goes out of her way to help each student feel successful, whether it be in the classroom or in a working situation. It is hard for me to imagine the Special Education Department without her in the future, but I know that she will be successful in whatever she elects to do after leaving Whitman-Hanson. She has helped me consistently throughout the time I have been here, and she will be missed a lot next year. -Ms. Pam Nawrocki

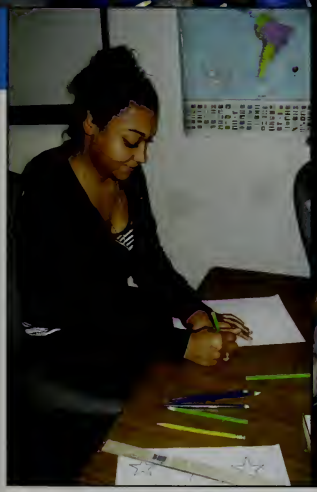
Compass Cares

Getting Up and Giving Back

The Whitman Hanson COMPASS program cares about the community. With the ideal that all Whitman Hanson students will become productive members of society with strong civic responsibility, the COMPASS program embeds community service learning into the curriculum. COMPASS students are expected to contribute to the betterment of the school community. The staff and students have initiated and completed community service learning projects and are proud to share these events.

In an effort to demonstrate caring and compassion for others in our community, the students collected items for donation for a family that lost their household possessions in a fire. Recognizing the economic hardships of today and the right for all people to have basic needs, the students volunteered at the "Cradles to Crayons Giving Factory" in Quincy, unloading, sorting, and packaging donations . The COMPASS students also raised fifty dollars for the penny day collection.

After the first big snowfall, many students helped to shovel the sidewalks for local business owners. The students participated in their third Habitat for Humanity Build. The COMPASS students were lucky enough to work side by side with the homeowner, making the experience personal and relevant. On an individual basis, students volunteered their time at the Berwick Boys Foundation working the Haunted House in October and selling Christmas trees in December.



Did you know?

Students in the COMPASS program participated in a seminar on rights as presented by the Massachusetts Coalition against Discrimination with a **goal** of becoming more **INFORMED** and **caring** members of society. All COMPASS students are certified in CPR/AED with guidance from the Hanson Fire Department. Embedded in the curriculum is a continuation of the drug forum presented at the main high school as a key note speakers have conducted a mini series of **informative** presentations in the COMPASS classrooms.

Every day we see people during locker break at their lockers spinning the lock, chatting with their friends and rushing to class as soon as the bell rings. But what we don't see is what's in these people's lockers. Students have said they use their lockers as closets away from home, where they keep shoes, sweatshirts, pants and everything in between. Some use it as a personal vanity and keep a mirror, perfume, make-up and anything else they might need for a quick touch-up in between classes, whereas other students use their lockers for acedemics and have books, papers, notebooks, and even more papers.

Class of 2010

Freshman year we came to school a tad intimidated,
But soon fell into step through all the friendships we created.
We wore our pink (and some wore grey) with pride and much school spirit
We argued for tradition's sake, but Ms. Gould wouldn't hear it.

We all walked into classrooms that were not always correct,
And fought with all our might to win the other grades' respect.
We didn't get to school in cars, but rather took the bus.
In rain or shine or bitter cold, it mattered not to us.

In English class we read about Odysseus' fame
And loved that Mr. Clifford called us Squids, though it was lame.
With experience and knowledge, we had made it one whole year.
The next we would return without the slightest ounce of fear.

Our sophomore year came swiftly, and with it a lot of change.
But for us seasoned veterans it didn't seem so strange.
Mr. Lee had come from Hanover and things seemed more restricted,
But this year, it held more than anyone of us predicted.

At Rally all rejoiced to shed the pink and wear the white,
And even with the gas leak, it was very fun despite.
The lock down later in the year was certainly less fun.
With a day of sitting silently we longed to see the sun.

Again the Red Sox championed the Colorado Rockies.
And Whitman-Hanson sports gained a new team through the girl's hockey.
Halfway there, and going strong we remarked at how time flew,
And to our wonderment we bid our sophomore year adieu.

A History

'Twas Junior year that we became enveloped in our schooling.
With rally and with SATs our course work, it was grueling.
On top of that the race for highest office had begun.
For presidential power, candidates began to run.

While Junior boys were surely best, the girls they got rained out,
The senior girls were lucky for they would have lost, no doubt.
We all got spoken to when food began to fly at lunch,
We had, over our last three years, become quite the rowdy bunch.

With the union of the Dempseys, with Ms. Galambos on our side,
We came to represent our class with eagerness and pride.
With hesitant and ready minds we wrapped up our third year,
Our futures loomed before us, though specifics were unclear.

With Senior year came privileges and free reign in the school.
With experience behind us we began our final rule.
Universities and colleges came knocking at our door,
So many future options waiting for us to explore.

Operation Oregano began the year with much distress,
And two fire drills on one cold day was probably excess.
The baking soda in the fridge gave all of us a scare,
But all was pushed aside under our future's looming glare.

With prom and graduation and the friendships we had made,
We began to fear the coming days where high school life would fade.
We all as individuals have proven bright and true.
And Whitman-Hanson long will hear of the amazing things we'll do.

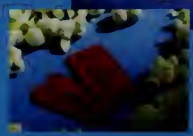
Junior Prom

May 8, 2009

The junior prom, which was held at Lantana in Randolph, was a certainly a "night to remember" with about three hundred students sharing in the event. Students danced the night away to songs like, "Just Dance," "Cyclone," and a number of retro-oriented jams that brought back memories while making new ones.

Favorite Night Life Activities:

Going to the movies
Going into Boston
Chillin with friends
Going out to dinner



It's a Friday night

My favorite memory from High School is Junior Prom
Brittany Henry, Senior

My favorite memory would have be the lock down Sophmore year. It lasted about six hours and I was stuck in a closet with my classmates and a few of my friends the police almost forgot that we were in the closet. Looking back I think that it was so funny that we almost got left there.

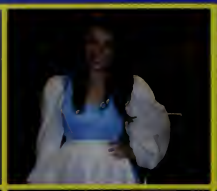
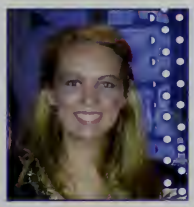
Beauty and the Beast
2009 fall production

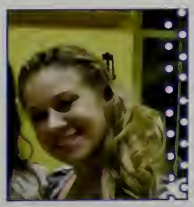


No one can contest that this year's fall musical lived up to the hefty reputation past productions have earned. In taking on the beloved classic, *Beauty and the Beast*, Whitman-Hanson started the year off right. The show was interactive, and while it was a hit with the younger audiences, older viewers were able to appreciate the timeless classic adapted onto a high school stage. This year was a first for Whitman-Hanson's newest addition to the theater program. Ms. Kathryn Ridder directed her first WH show with grace, and audiences can't wait to see how the program progresses under the new regime.

"If he could learn to love another, and earn her love in return by the time the last petal fell, then the spell would be broken."



"The show went well. For the directors' first time at W-H, it was very successful."
-Shawn Hickey, Senior



"It was a fun way to kick off senior year."
-Jackie Irving, Senior

"I really enjoyed being a part of the show and making friends like Morgan; Drama is a great way to get involved."
-Chuckie Landry, Senior

SemiFormal

Theres "snow" place like a Whitman-Hanson Semi

The Students at Whitman-Hanson rocked out at the ***Junior-Senior Semi*** *which was held at Middleboro Town Hall on December 5, 2009. There was no hesitation in anybody's dance moves when the DJ announced that there were massive snowflakes falling, covering the ground outside. Since there was so much fun being had, there was no thought about the messy ride home people would endure. Once the dance was over and everyone was outside, the first snowballs of the season were thrown around.*

Habitat for Humanity meets twice a month after school to help out with the community. Club members participate in a wide range of projects such as Shanty Town to raise awareness for homelessness and Habitat builds during which they actually help to build homes for others. All of the work Habitat does makes the community a better place and helps to create a clean safe environment for the future.

National Honor Society reaches out to incorporate the skills of leadership, scholarship, service, and character within the community. The students volunteer and work in services based on the community. Students must excel in many areas in order to be a part of the club, and what's expected from them is quite a challenge. Students must reach a GPA of at least 3.5, demonstrate the initiative to lead others, display a positive attitude. They also must show cooperation and maturity to become a successful role model, and eagerness to participate in daily services.

Key Club is unique and important to students. It enables them to work with others from all over and help out to ensure things will run more smoothly. A member of Key Club, Mike Brett says "The main purpose of Key Club, in my opinion, is to help those in need, which makes people more well-rounded and empathic," and "I joined because I was interested in helping people and it's the ultimate gold star on college recommendations." Key Club is a great cause because these students will get things done when requested and it makes Whitman and Hanson seem a little more diverse and enjoyable in what they provide, as well as keeping the environment safe and providing entertainment for all sorts of people.

"It's great to be a part of such a community based club helping those in need. I am looking forward to helping Habitat in everyway possible to make it become a successful year."

Audrey Hart

What do you look forward to this year in Key Club?

"I'm most looking forward to Relay for Life. It's not until June, but it's fun and goes toward a great cause. Who thought that ending cancer would be so fun?"

—Mike Brett

Kathleen Collins

"The main goals of NHS are to promote the success of WH students, and give back to the community around us."

P.R.O.T.E.C.T.
is a club that seeks to combat the issues of the community members. P.R.O.T.E.C.T stands for Peers Reaching Out to Educate Communities Today. Those 7 words mean a lot to the people involved who strive to help the victims of social, physical and social abuse in our community. P.R.O.T.E.C.T. members participate in trainings and programs and use their education to take actions to create a safe environment for everyone.

S.A.D.D, Students Against Destructive Decisions, is a nationwide program consisting of students who attempt to raise awareness about topics such as drugs and alcohol, and the seriousness of texting while driving, as well as the consequences that these destructive actions can bring. S.A.D.D members participate in events such as red ribbon week, the DARE officers' bike safety day, the Drug and Awareness Festival held at the Hanover Mall.

Student Council is a group of students that works to create and organize events, both in the school and the community. This year they helped raise school spirit with spirit week and a black and white dance. They also run events such as the blood drive and Senior luncheon around the holidays. Student Council members attend conferences to develop leadership skills and have ample opportunity to put those skills into practice.

"StuCo is always fun. I get to hang out with friends and MASC is fun!"

Aaron Wiltshire

"Student council contributes to the community by hosting a biennual Blood Drive, Penny Day, which helps local families, and Trick or Canning, which collects food items for The Whitman and Hanson Food pantries."

"I want to join SADD. They work with the DARE program at the middle schools and help out at events. Joining clubs is a good way to help the community and have fun."

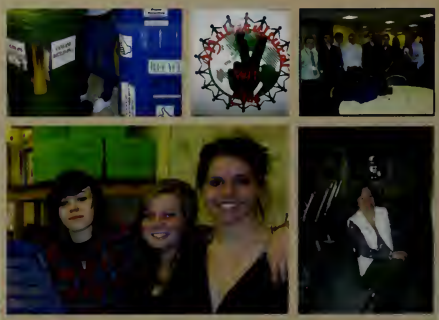
DECA

Multicultural Club works to break down the barriers of different cultures and traditions through the education and exploration of other communities and areas of the world. They investigate foods, customs, mannerisms and other aspects of foreign life, and delve into the exciting aspects of that which is different and unique.

S.E.A.C is a club dedicated to the promotion of an environmentally friendly community. By not only actively changing the school's population by inserting recycling bins in each class, they also educate themselves so that they can better advocate for the "green" movement quickly sweeping through the nation. Keep up the good work S.E.A.C!

DECA is an international association of high school and college students studying marketing, management and entrepreneurship in business, finance, hospitality and marketing sales and service. The group participates on the chapter, state, and national levels. DECA helps students to develop skills for successful careers, build self-esteem, experience leadership and practice community service. DECA members create friendships with people from all over the world at career and leadership conferences and build resumes that move them to the top of the job and college application list. As Amy Sapienza describes, "I am extremely DECAcated and love to fist pump!"



"SEAC is a low-key and close-knit club that more people should get involved in and develop in the future. We have a lot of fun!"

Steph Larsen

"One of my favorite parts of the competition is witnessing the school spirit the group shows for each award recipient."

Mrs. Nina Consolini

"SEAC recognizes the relevance of climate shifts and does its part to spread awareness. We recycle the school's paper and plastic, and spread a general awareness about "green" life styles."

Tyler Vachon

AN ACTIVE ROLE Members of SEAC tend the Hanson Community Garden on High Street in Hanson

"I love DECA I am extremely Decacated and I fist pump like a champ...DECA has helped me with deciding on a major, deciding on what college to go to as well as receiving college scholarships for being in DECA. It has also allowed me to go on many competitions and conferences that have taken me from Copley Plaza, to Orlando Florida, all the way to Anaheim California. I am obsessed with Mrs. Consolini and all of my DECA besties such as, Anne Marie ODonnell, Meg Doherty(insert southern accent), Rachel Pellegrine, Siobhan Omalley, Pj Mum Leonard, and Papa vin"

History may not be your favorite subject, but the History Club may change your mind with exciting discussions and interesting topics. You'll take a deep, intense look at history around the world that has influenced the world in which you live today.

The Marine Biology Club studies marine animals as well as educates the elementary school children about marine life. Students involved in the club create lesson plans and make fun fact posters to hang up around the school to create awareness. The club enjoys taking trips to the aquarium and cleaning up the beachers.

The Math Club flaunts its abilities at math meets all over the state for a chance to win more than just a title. Meets consist of a series of math questions that require "out-of-the-box" thinking. They're not your typical 2+2=4 equations. Rather, they have more than one question, more than one answer, and a lot of tricks mixed in to separate the good from the great.

"I want to join math club to improve in math and meet new people."

The members of Chess Club are analytical, concentrated individuals, but more importantly, they come together to have fun playing a competitive game that challenges the mind. Competing against each other, they develop the ability to read a board and strategize, and work toward a tournament to discover who it is that truly has mastered the game of Chess.

Computer Club works with the different aspects of developing computer applications and programs. Intensly interested in the harnessing of new technology, Computer Club allows students to remain not only literate, but ahead of others in this field.

Those on Mock trial are dedicated to the preservation of law and order in our communities. Acting as the different players in an ordinary courtroom, the members of mock trial have made leeps and strides in their development of the club, and have taken first at this years competitions. Keep up the great work!

Chorus encompasses many different groups at WH. There is a chorus class, a seminar, and individual after school groups, including select choir. By combining all of these different outlets, the program is one of the largest in the school, and gives all students the opportunity to express himself or herself. All come together for concerts in both the winter and spring and never fail to impress parents, faculty and peers with the amount of effort and coordination it takes to bring each singer together to deliver one unified, unforgettable performance.

Theatre Club has grown significantly in the past few years, and is now a force to be reckoned with WH. Taking on productions of increasing difficulty, the program has come to make its mark on WH. Putting on two musicals a year- one in the fall and one in the spring- students work with sets, lighting, stage crew, and performance in order to put on a production of their own making.

WH Show choir, High Frequency, has made leaps and bounds in their performance and progression as a club. Earning silver at both of their competitions this year, High Frequency has preserved their spot among the state's top Show Choirs. With the help of a top notch choreographer and vocal instructor, WH only expects continued improvement and excellence from the members of High Frequency.

"Show Choir is a fun way to compete against other schools and do what I love. It's great to see what the other shows look like."

Jackie Irving

"My friends and I are always singing no matter where we are or what we're doing, so it just kind of makes sense to be in chorus."

Dance team comes out consistently with enough power and effort to blow any audience away. They perform well in each competition they enter, and entertain all each year at WH's annual Pep Rally. With a combination of hip hop moves and a lot of attitude, Dance Team gives everyone a taste of who they are and how much effort they are willing to put toward a great routine.

Majorettes have endured a lot to get to where they are. Threatened with their sport being taken away, they rallied and got the participation they needed to stay in the WH community, and good thing they did. Majorettes also come out every year at Pep rally to show WH what it takes to twirl those batons. They travel and perform, but also stay close to home to give WH some extra spirit at halftime shows in the fall.

Band has intertwined themselves crucially into the fibers of WH. They play at Pep Rally, they perform at halftime shows, they have two major concerts in both the winter and spring, and still have time to prepare individual productions for events like the annual talent show. In addition to this, individual members of band they aid clubs such as Show Choir and Theatre by playing in their pit bands and ensembles. Without the many extensions of the club, WH would be a dire place indeed.

"When we all met over the summer we were all kind of shy, but as we spent more time together we all became really close and open with each other."

Meghan Dawe

"I play trombone in concert band and marching band. I like playing the trombone because it's different from other instruments; instead if valves or keys, it has a slide. It's also the instrument my dad played in high school and because he loved it, I wanted to try."

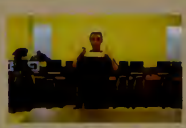
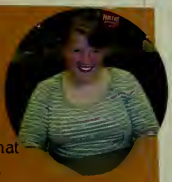
The TV/Radio program at WH has flourished over the past several years, and has come to define the school as a a paradigm for high school broadcast. Students start in a basic skills course, but are not limited by its elementary status. Students in this class form news packages, work with equipment and develop a flavor for production. A daily newscast allows students to put their skills into a finite outcome that can they can appreciate, and the school can enjoy.

Newspaper Club has undergone a huge metamorphosis in the past year. Although the paper had previously been printed and physically distributed, this year the literature was posted exclusively online, and the results have been monumental. Newly christened "The Daily Panther" this website highlights student life with widespread coverage of all the different stars here at WH. From digital photographs of award winning art, to stories submitted by the students themselves, this innovative step for WH journalism promises to flourish and content with the growing expectations of new media.

Yearbook Club is super cool, and only the really awesome kids do it. No we're joking, but Yearbook Club has grown in size each year, and allows students to work with the graphic design, story writing and business aspects of publication. Beginning in March each year, editors and class members work to develop a theme, create layouts, raise money through business and parent ads, and meet deadlines of up to 50 pages. With a full color book and over 200 pages, the demands for the book are steep, but the efforts of those involved are equally great, and the results of that exertion can be seen in the spring distribution to the WH population.





"Choosing my own topics for the newspaper allows me to write about what really interests me, which I think makes my articles more interesting to read."

Audrey Hart

"You don't really know a person until you have worked with her on yearbook deadline night, making pages past 10 P.M."

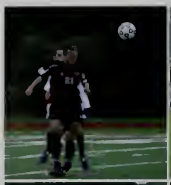
Pat Phillips, Senior



At the beginning of the season, it was a little rocky, as the team stuggled against the best in the league. But as they learned each others' strengths, they became one instead of many. As the season grew on, so did the team's chemistry they started playing more like a team. By the end of the season, no team in the league including first place Duxbury, could defeat the newly dynamic WH boys' soccer.

The girls soccer team had a record breaking season. Most of their opponents felt that they could just walk all over the lady panthers, but they were in for a big surprise when WH brought everything they had to every game.

The close-knit bond throughout the team allowed for a fun-filled season. Come tournament time, the team pulled together more than ever. Accompanied by a new team mascot named "Nutty", a lawn gnome, the girls were able to advance further then ever before. Nutty came to every game to support the girls and had his own spot on the bench. The night that the girls broke history and beat Dartmouth was truly a night to remember. They surprised the fans, the coaches, and even themselves.

The girls in the end were Patriot League Champs and went further than any other team.

Tiger Woods, the worlds' number one athlete and most revered golfer of all time, suddenly became surrounded in a whirlwind scandal that may permanently damage his squeaky clean image. As Tiger has decided to take an idefinite leave of absence from golf, millions of golfers are looking for new inspiration as the season kicks off in 2010. When the weather turns this fall, the Whitman-Hanson Regional High School golf team is looking for new motivation and a sense of togetherness and as they begin their season. In the worlds of Arnold Palmer, "Golf is deceptively simple and endlessly complicated; it satisfies the soul and frustrates the intellect. It is at the same time rewarding and maddening - and it is without a doubt the greatest game mankind has ever invented."

Team Stats:

Alex Constantino was voted by his teammates as team MVP.
He represented the team in the State Tournament held at Easton Country Club.
Alex Constantino, Sean Goldman, and Eli Norris played in the Individual All-League Meet held at Halifax Country Club.
Sean Goldman was a League All Star, as voted by league coaches, and Alex Constantino was an Honorable Mention.

The volleyball team united themselves by coming out every game with tie-dye warm-ups. The fans loved the way this looked for the team. Since October is Breast Cancer awareness month, the varsity team created new pink tie dye shirts to wear to show their support. The team had a lot of enthusiasm for the season. They got through the season with a team saying, "Can You Dig It," ending with a 4-16 record & a new appreciation for golf.

I hope the team next year has a great season and I will miss everyone a lot. We worked very hard this year, and I am proud of everyone.

The Whitman-Hanson Girls Cross Country team traveled to Northfield, Massachusetts to compete in the 2009 XC championship race. A total of sixteen teams competed in the race, resulting in one hundred forty-eight individuals competing. This course is nothing like any other the team has faced. The first six hundred meters go straight up Northfield Mountain; and along with the "crazy up" hills, there were several insane downhills that made up for the inclines. The seven runners, Emily Regan, Caitlin Ryan, Kelci Sullivan, Abby Baker, Rachael Baker, Kaley Mientkiewicz, and Casey Egan, were all within two minutes and twenty five seconds of each other, proving for good pack running. The girls placed fifth in the state overall finishing off a successful season for the team!

The Whitman-Hanson Boys Basketball team did very well this year with a promising team of players. The very talented team fought hard in all their games and with more than enough skill and effort produced a great season enjoyable for both players and spectators. After practicing hard and learning from Coach Bob Rodgers they really displayed the fruits of their perfected skills and labor in this productive season. They were able to climb their way to the top of the first seed. As a team they represented their school very well and as anyone who was able to watch a game would agree, this year's team was one of a kind and worked together to achieve a level of sportsmanship, teamwork, and competitive pride. Their hard work and dedication paid off in the end when they became League Champions!

17 wins and only 2 losses is one way to define the Whitman Hanson Girl's Basketball season. A team of highly trained, competitive individuals fought hard to score more than enough points to warrant a successful season. However, merely looking at the scores will not provide a true description of this year's season. To make the team so dominating, the players had to work together to create the impressive companionship that was seen on and off the court. Not only did they display the essence of Whitman Hanson Panther Pride, but also manifested it in the form of captivating and exciting play. The passion of the sport pushed the skilled and talented players to put in the effort, eventually gaining cutting edge dexterity and growing willpower to use even after the season ends. The girls should be more than proud of themselves, finishing their season as League Champions!

"This year we accomplished more than most thought we could. We had to work extremely hard however it paid off in the end. I have had the best time with the girls and will never forget them."
Senior
Brittany Ford

"We lost two of our highest scorers last year, so this year we had to work more as a team to achieve our goals and balance our scoring."
Senior
Tori Gray

"I think we all had a better year than expected. I'm so happy we were able to win the league my senior year."

Heading into the Panthers' final regular season game they had a record of 9-10, needing only one more win standing between them and the tournament. The Panthers had been on a winning run for the past 3 games, making this final game more of a playoff game than anything else. Whitman-Hanson headed down to Foxboro to take on the Mansfield Tigers, a team who had already made the tournament and had strength in numbers. The first period was a wakeup call for the Panthers. Mansfield held Whitman-Hanson down in their end for the majority of the period but the Panthers found a way to end the period up 1-0. In the second period both teams came to fight. For every minute that went by the game became faster and even more aggressive. Entering the third, the Panthers were down 2-3 with a determination like no other. The Panthers went down and scored twice on Mansfield's goalie and with five minutes left they were up 4-3. Whitman-Hanson thought they had accomplished a miracle, but with 23.7 seconds left the Tigers scored making the score 4-4. The Panthers couldn't make the tournament with one point from a tie, closing out the Panthers' great come back season.

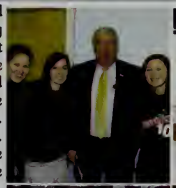
In just the third year of the program, WHP has caused unbelievable damage in girls' high school hockey. Making it to the Garden last year put WHP on the map, and taught other established teams in the area that WHP is a force to be reckoned with. Starting this year, WHP would be considered a Division I team so Coach Googins packed the non-league schedule with powerhouse Division I teams such as St. Mary's(who currently holds a three year winning streak). Although this is the first year in which WHP has not made it to tournament, the team ended the season third in the league, and had a chance to be a spoiler for other teams. WHP successfully knocked out Falmouth of tournament, as well as stripped Sandwich of the "League Champs" title. Some may consider WHP's lack of a postseason a crime; however, this season was more than just the scoreboard. Whether it was the courage of the new freshman stepping up, the unwavering support of an injured captain, learning to "not let anyone get in your kitchen" or just creating indestructible relationships on and off the ice, it is apparent that this season of WHP will be remembered for years to come.



"It's a bummer that we really started to pull our game together near the end of the season when we had already been shut out of states, but it shows that next year the girls will be unstoppable."
Senior/A. Captain
Amanda Barry

"The season overall was a lot of fun, and the freshman really stepped it up and I wish them the best of luck for next year."
Senior
Danielle Murphy

"This year was a lot of fun. We played as a team and learned to win and lose as a team."

The Whitman Hanson Boys Track team had another successful year of running. The team captured the Patriot League/Keenane Division Title on January 20, 2010 with a win over Hingham 69-39. They finished a perfect season of 5 and 0. Their leading scorers include junior Tyler Sullivan, Senior Clint Burns, Senior Greg Donahue, and senior Vinnie McDougall. Other accomplishments during the season include 6th place in the distance medley relay at the MSTCA Division 2 State Relays. When asked what is special about WH Track, senior captain Brian Baiardi said, ""The coaches make the team so successful...they are good guys and they know what they are doing." Whether it's an individual running or field athlete, team relay participant, or coach, everyone knows what it takes to achieve on this team. As a whole, this team works together to realize goals and experience both individual and group victories.

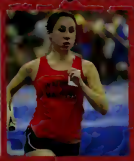
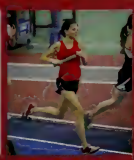
"There's more motivation, your running for your team, not yourself" Emily Reagan

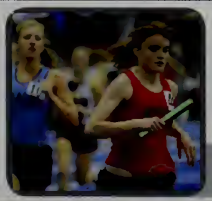


"It's more pressure, there are three other people depending on you to do good" Kelci Sullivan

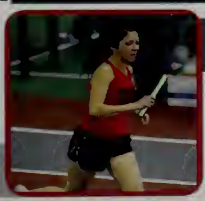
"It's more exciting, you depend on your team more, which makes you run faster" Gianna Caccitore



The Whitman Hanson Girls Track team had a very successful year in 2010. Coached by Mike Driscol, Rick Blake, and Brenden O'Leary the panthers won the Patriot League Title. Their lead scorer was senior Janet Dempsey with a total of 32 points. The second highest scorer was senior Emily Regan with 26 points. A regular league meet depends on the field events just as much as the running. Aly Tully (4'7"), Samantha Richner (4'9"), and Devon Howard (4'7") compete in the high jump. Marisa Visocchi (10.58), Megan Ryan (11.03), and Melanie Collins (10.82) compete in the hurdles. The long jump consists of Janet Dempsey, Taylor Leonard (15'1"), and Dani Spivak. The shot put team of Victoria Newcomb (26'), Kayla Scriven (26'6"), and Kerry Condon (31'10"). After going undefeated in the league, the Panthers went on to a number of invitationals. At the State DII Relays the girls distance medley placed sixth overall along with strong performances from the long jump and high jump teams. Rachael Baker placed seventh at the MSTCA Invitational reluting in the highest finish of the day. There a number of personal bests over the course of the season, evidence of a promising future from the freshman/sophomores. Overall a successful season for the girl's winter track team!



Senior Caitlin Ryan races the 1600 meter race, with a season best of 5:31 (MSTCA)



Senior Marisa D'Angelo races the 1000 meter race with a season best of 3:17 (MSTCA)

It was a record-breaking season for the wrestling team this year as they clenched the "League Champion" title for the first time in 10 years. They finished the team portion of their season in third place out of 12 teams at the Division II South Sectionals, as well as dominating and persevering in the individuals. It is difficult not to notice the inspirational quotes on the back of the wrestling team's shirts each year. However, some people do not know the significance of the color of the shirt. A black shirt is given to a wrestler who makes it through the first five practices, a red shirt is given after a wrestler's first win, and most importantly, a gold shirt is given to a teammate who undergoes an honorable act, accomplishes an intense victory or displays the team message in an incredible and respectable way. Due to the history that the wrestling team has made this season, it is evident that the team is collectively worthy of "gold shirt" status.

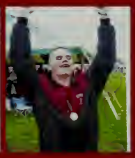
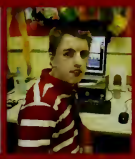
The Whitman Hanson community takes great pride in its Special Olympics athletes. The Olympics are run in the winter and summer. Athletes from W-H compete in track and field events in the summer and basketball in the winter. During seminar the Boys Varsity basketball team helps the Special Olympians train for their games. They teach them the basics of dribbling and passing as well as the skills to defend against other teams. Before the events the team often has an exhibition game and they are celebrated with a school wide send off. Students line the hallways with excitement and anticipation for these athletes to take on fellow Special Olympians. The athletes not only participate in sports, they also have to go through a series of assesments to help them prepare for the games. The support the Olympians receive from the school is what makes W-H such a strong community.

"I try my best and pay attention to all the games. My favorite part is the good food and the dance after the games."
Michael Courtney



"I like to score as many points as I can. I also enjoy playing the games with all my friends."
Chris Rotnodo



"I enjoy participating in the Special Olympics and playing basketball."

We Are Proud of you.
From your #1 Fans,
Mom Dad & Abby

We can't begin to tell you
Just how loved you are
We can't believe how time has flown
And how you've come so far

Forgive us when we stop and stare
And tears fall from our eyes
Time flew by so quickly
Sure took us by surprise

We asked you to stay little
To always be our babies
You said, " I'll try to if I can,
But, I'll have to grow up…maybe."

Now here you stand before us
Respectful, honest men
Strong-willed and determined
Who always says "I can"

We flip through all your notes and cards
And pictures that you drew
Recall your quips and humor
'Unique', dear sons, that's you!

There are no doubts within our minds
That you'll indeed succeed
Your future holds so much in store
But 'that smile' is all you need

You've always been so gentle,
So loving, kind and giving
Having you as our sons,
Is another term of 'living'

No matter where life leads you
No matter what you do
We'll always be your biggest fans
And we'll always be here for you.

I hope that the days come easy and the moments pass slow,
And each road leads you where you want to go,
And if you're faced with a choice, and you have to choose,
I hope you choose the one that means the most to you.
And if one door opens to another door closed,
I hope you keep on walkin' till you find the window,
If it's cold outside, show the world the warmth of your smile,
But more than anything, more than anything,
My wish, for you, is that this life becomes all that you want it to,
Your dreams stay big, and your worries stay small,
You never need to carry more than you can hold,
And while you're out there getting where you're getting to,
I hope you know somebody loves you, and wants the same things too,
Yeah, this, is my wish.
I hope you never look back, but ya never forget,
All the ones who love you, in the place you left,
I hope you always forgive, and you never regret,
And you help somebody every chance you get,
Oh, you find God's grace, in every mistake,
And you always give more than you take.
But more than anything, yeah, and more than anything,
My wish, for you, is that this life becomes all that you want it to,
Your dreams stay big, and your worries stay small,
You never need to carry more than you can hold,
And while you're out there getting where you're getting to,
I hope you know somebody loves you, and wants the same things too,

Chelsea Morril

Chelsea,

What a blast it has been watching the sweet little girl with the endless imagination dancing through her younger years. You developed into a complex young lady with a multi-faceted life: drama queen, nerd, princess, witch, Anastasia (The Russian Spy). We love them all! We hope you continue to be who you want to be. We are proud of you and all you have accomplished. Continue to love, dream, and imagine into your future.

Best of Luck,
Love,
Dad, Mom, Briley, Emma, and Ethan

Aly Tully

Alyson,
We've been there from the first day and have enjoyed watching you grow and change along the way. We're so proud of everything you've done, and know that there's much more to come.

Whitney Palumbo

Whitney
Dearest Daughter, as I look back at the pictures of you when you were a baby, toddler, school girl and teenager, I thank God for all the years we've had together. I cherish our bedtime stories reading the Foot book & the Halloween book that always brought on big belly laughs for both of us. I miss our morning airplane rides on feet and our adventure rides singing sessions to your favorite songs and never getting lost. I still see my little girl dancing at her 1st dance recital in her cute Dinosaur costume and you're still dancing, bringing such joy and happy tears to my eyes. We have so many memories of great times together and although I miss all of these wonderful childhood memories, I wouldn't change a thing about sharing them with you. Thank you for being my precious daughter. Thank you for your friendship. You will always be in my heart and I will always be in yours. S o remember, you will never be alone. I love you more than life itself, I love you bunches.
XOXO Mom, Dad & Tom

Jackie Irving

Jacklyn-
Wow, we can't believe how fast the years have gone by. It seems like yesterday we were putting out little girl on the bus for her 1st day of kindergarten. You were so excited to start school, so eager to learn, you were grinning from ear to ear! Today, as we look at you, we see how much you've grown. What a beautiful, smart and talented young lady you have become. We couldn't be prouder!

As you graduate High School and head off to college, we know that you will approach this new chapter in your life with the same excitement and eagerness that we saw that first day so many years ago. You have such a great smile and your laughter is contagious, we love that about you, don't ever change! We wish you much happiness and success in everything you do!

You are my Sunshine, my only Sunshine. ~ You make me happy, when skies are grey (when skies are grey).
You'll never know, dear, how much I love you. ~ Please don't take my Sunshine away. (bump, bump, bump-bump)

Bubzy, you are truly a box of chocolates...full of variety and surprises. From the busy baby girl, chasing your big sister on your knees... the chic young woman who makes me laugh more than Comedy Central...and we all know how I hate to laugh. Always helping, thinking and creating, you are an inspiration to family and friends alike. I love your free spirit and so look forward to seeing your dreams come to life. From European travels, to Coopers and Fashion...visions of New York and success. You will flourish someday...because we believe in you, babe.

You're a loving baby-sister, a daughter to be proud of... and a friend for life. Forever my buddy. My "Bubzy."
Wherever your dreams take you, we will be there... nodding and saying to ourselves... "see, I knew it"... Keep family and special memories with you always, so we can giggle over old times and reflect on how far you've come... and know how much we love you. Try crazy foods, dance like nobody is watching... and laugh loudly. (...cause I want to be able to hear you, wherever I am)

Here's to all your brand new tomorrows! Love forever, Mom, Bryan, & Carli
